# MEDIAPLUS™ PLATFORM

The addition of MMF's MediaPLUS™ Platform turns our newest drawer into a customized matrix on which to integrate the peripherals that make up your Point Of Sale system. The newly engineered design allows for the optimal placement and cable management of the most popular models of receipt printers, monitors, keyboards and pole displays.

Available in 4 standard colors, the platform's polyurethane construction is rugged enough to stand up to the daily wear and tear encountered in the POS environment. The optional frame kit nests a printer and swivel Lazy Susan monitor stand to provide additional organization for peripherals.

**Dimensions:** 17" wide x 20" deep x 2.75" high
